

## LIBRARY OF THE DOMAINE

To all **READERS**, friends of our Domaine ;

Sure there is the sun, the sea, the tennis courts, the boule court, the superb swimming pool and other lazy joys, but perhaps comfortably installed on your pool chairs you may want to escape in ...**reading**.

For that reason, we are proposing to organize a small library, let us be modest, in various languages and built up by your gifts and which would be at your disposal as of next October. It will be installed in the letter box space of the Grand Bastid where a book shelf will be put at your disposal.

So if you wish to give books in your language, bring these to Stephanie at the opening hours of the loge ; she will collect and store them.

If you wish to read a book, we invite you to borrow it and bring it back to the book shelf which is placed for this purpose.

Sincerely,

The ASL bureau
