

Hello everyone

Our maintenance team, as well as the walkers, are confronted by the increasing presence of dog excrement.

As a result, normal hygiene is not guaranteed, especially when using the rotary mower and the lawn mower.

This results in...the scattering of excrement everywhere and at very high speed, soiling our employees in particular...

This situation is intolerable and is not acceptable.

We are reminded, once again, that dogs must be kept on a leash and the excrement of our four-legged friends must be collected.

We also note the illegal dumping of bulky items (old furniture, washing machines, etc.) and green waste from private gardens and/or private use.

We also remind you that green waste and other bulky items can be deposited at the waste disposal centre free of charge and without an appointment.

As a reminder, the nearest one is:
